

Materials Management

The Materials Management teams cover both East & North Hertfordshire NHS Trust and West Hertfordshire Hospitals NHS Trust.

The team for East & North Herts look after two key sites within Hertfordshire, those being The Lister Hospital in Stevenage and The Queen Elizabeth II (QEII) in Welwyn Garden City.

The team for West Herts look after four key sites within Hertfordshire, those being Watford General Hospital, St. Albans City Hospital, Hemel Hempstead Hospital and the Mount Vernon Cancer Centre in Middlesex.

Each team is responsible for ordering, receipting and distribution of Ward/Theatre consumable stocks via on-request ordering or most frequently by a scheduled Materials Management (top-up) service. This service ensures correct stock levels are set, maintained and monitored maximising product availability, minimising spend but above all ensuring patient comfort and safety is not in any way compromised.

Team members and their contact details can be found on the [Contact us](#) Page
