

Bravo Registration – Procurement Opportunities

E-Tendering Portal – Bravo Solutions (Jaggaer Advantage) NHS Collaborative Procurement Portal

The Bravo Health Solutions portal is the current E-tendering and contract management system used by Hertfordshire NHS Procurement for the advertising and processing of Tender opportunities.

Suppliers wishing to take part in any of the opportunities advertised by Hertfordshire NHS Procurement should ensure an active account has been set up on the portal. Registering an account is free of charge and enables access to opportunities published by other health authorities and portal users.

To register please navigate to [Bravo](#) , click 'Supplier Registration', and follow the steps to create an account.
